Yep, pretty much all of the people that fantasise about putting our kids in camps are on the internet.

Because our side doesn't doxx or fight back, in any way. That is why I support doxing, bullying, etc... of the left.

We aren't taken seriously or feared because we don't do anything.

Blame Bernie. We used to cast these basement troll communists into the shadows of society. Now Bernie gave them a voice and a purpose. Stay safe.

Seriously crazy. They'll trawl through all your posts looking for tidbits to put together, and pretty soon have all the info they need to find you in real life.

I came across a post about some girl on Youtube who is a traditional housewife type, and of course, leftists get very angry that she's allowed to openly say that. Someone went through every social media like, searched versions of her usernames, and come up a very complete dossier. They had her maiden name, college, married name, husband's name/occupation, hometown. Then they posted it all on Reddit, along with accusations of white supremacy, for any nut to go find her. It's probably all still out there, the people on Reddit seemed to think it was just great, useful information.

A simple google search. If you have an email posted publicly or a phone number the work does itself for someone with bad intentions

If you're bringing your kid along you are mentally retarded. If you have no one to watch them, stay home. This person is endangering their child and endangering the group because everyone there is now going to be trying to protect the kid and not focusing on themselves.

If the person in the picture reads this, fuck you for bringing your kid with you. Turn your vehicle around and go home. You are just going to make everything worse by doing what you're doing.

This is exactly why I can't go. My kids are my top priority and if I can't ensure their safety, no way am I can taking them. I can and will contribute in other ways instead.

I think they are just very naive. They love potus, they are patriots, they want their children to 'see' and participate in this history making event. But I agree that it's not wise and I wish people thought things through more. You can't assume people view the world the way you do. You must try to look at it through evil eyes, as they do.

And why is that? Seriously, the last Trump rally that had violence those that were leaving with the main crowds were fine, it was the people who stayed till after dark that had issues. Fuck you for discouraging anyone from coming. I bet those kids have better target groupings than you btw.

The stuff during the day will be primarily peaceful. Most people will be safer especially during the day.

But hey if you think it makes you cool to try and dictate what other people do with their life, ya sound a bit commie to me.

This isn't the last rally. This isn't even supposed to be a rally. This is why I'm calling people that think like you retarded. This isn't a happy, hold hands, sing along, where we wish good things and hope for the best. There are people bringing firearms that plans to use them if they do not get what they want. You want kids there?

Fuck you for being a piece of shit that wants to stick noncombatants into a situation they have no business being in.

We need this stickied. Whoever this is in the picture MUST wear a mask in public at anytime at this point. Unless they are comfortable having to defend themselves and possibly take a life or several, then in which case, meh.

Only an idiot would post pictures of their children on a highly political public website and only an idiot would bring their children to some protest thing that is very likely to turn dangerous. Stop using your kids as political props, its disgusting.

As soon as I saw this post I facepalmed myself. 4chan can identify terrorists tipping statues with a 90% covered face and a barely visible tattoo. Posting something like this is just begging to have your life ruined for the lulz.

For real. Leftists are coming here looking for targets. Don't dox yourself and give them one!

On the flip side, expose leftists. Remove their masks, get photos, if one launches an attack capture them and get enough imagery to positively ID them before you let them scurry back to their roach pack.
